Request and Consent for Progestin Only Oral Contraceptive (Mini-Pill)

Voluntary Participation and Confidentiality Statement: Title X services are being provided to me solely on a voluntary basis. I understand that staff may not coerce(force) me to receive services, to use, or not to use any particular method of family planning. I understand I have the right to accept or refuse family planning services without being denied eligibility for, or receipt of, any other service or assistance from or participation in any other programs of the applicant. This information is confidential and will be treated as such.

Birth control methods may have good or bad side effects or complications, which may be harmful to me. I have been told that the most frequent benefits, risks and side effects are those listed below. Others not listed may occur.

Progestin-Only Oral Contraceptive Use Effectiveness: 93–99 Percent

Benefits	Possible Risks/Disadvantages	Possible Side Effects
1. May be used by clients who cannot use estrogen	1. Does not protect against sexually transmitted infections, including HIV	1. Change in menstrual bleeding
2. May decrease amount of menstrual flow	2. Must be taken at the same time everyday	2. Headache
3. May decrease severity of painful menstrual cramps	3. Increase of unscheduled bleeding	3. Breast tenderness
4. May reduce the incidence of sickle cell crisis and endometriosis pain	4. May increase risk of ovarian cysts	4. Nausea
5. May be used while breastfeeding	5. May not to prevent ectopic pregnancy as well as intrauterine pregnancy	5. Weight gain or loss
6. Immediate regain of fertility	6. Protection from pregnancy may be lowered when the mini pill is taken with certain drugs	6. Depression
		7. Fatigue

Contraceptive Technology 22nd

1. I do not wish to become pregnant now. One benefit of choosing a method of birth control is that I will be better able to delay a pregnancy until it is desired.
2. The contraceptives that I am interested in have been explained to me. I may change to another method or stop using a birth control method at any time I wish, for any reason including to become pregnant or if medically recommended. Instructions for the use of my chosen method have been given to me.
3. I have read the above (or have had it read to me) and have been given the opportunity to ask questions and receive answers to my satisfaction. Being mentally competent, I assume full responsibility and release the local health department, including clinician, staff and assistants of any and all liability for any adverse effects or pregnancy that may result from my using the method of birth control provided to me. I have been advised to call the clinic for discontinuation instructions if I choose to stop this method.
4. I have been provided with information about an emergency number to call after clinic hours or when the agency is closed.
5. I have chosen and requested Progestin-only oral contraceptive as a method of birth control.
