

Trauma Informed Care Resources

Continuing education credits are available for some of these webinars. Participants must register and follow instructions to successfully receive continuing education credit.

National Clinical Training Center for Family Planning

The [Clinician Guide for Trauma-Informed Care \(TIC\)](#) is a job aid for clinical service providers performing physical examinations in sexual and reproductive health settings. In addition to defining trauma and TIC, this guide offers a roadmap to providing TIC before, during, and after a physical exam with action steps and sample phrases.
